React.js, Next.js, TypeScript, JavaScript, Tailwind CSS, HTML5, CSS3

### Backend

Node.js, Express.js, REST APIs, JWT Authentication, CRUD Operations

### Database & Cloud

MongoDB, Firebase, Firestore

### Mobile Development

Flutter, Dart, Cross-Platform App Development

## Tools

Git, GitHub, Vercel, Postman, npm

---

## Projects

### SecureNotes — Full Stack MERN Application

**Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT Authentication, Vercel

- Built a secure MERN stack notes application with authentication and protected dashboards
  - Developed REST APIs and integrated MongoDB database
  - Implemented CRUD operations and protected routes
  - Deployed responsive web application using Vercel
- 

### Personal Finance Management App — Flutter + Firebase

**Tech Stack:** Flutter, Dart, Firebase, Firestore

- Developed a cross-platform finance management mobile application
  - Implemented expense tracking and dashboard analytics
  - Integrated Firebase authentication and Firestore database
  - Built responsive mobile UI using Flutter
- 

### AI Finance Assistant — In Progress

**Tech Stack:** Next.js, TypeScript, Firebase, AI Integration

- Building AI-powered finance dashboard with smart financial insights
  - Implementing budget recommendations and monthly summaries
  - Designing SaaS-ready premium feature architecture
- 

## Experience

# Freelance Full Stack Developer

Self-Employed | Remote

- Developing web and mobile applications using MERN stack and Flutter
  - Building authentication systems, dashboards, and SaaS-ready applications
  - Integrating APIs, Firebase services, and cloud deployment workflows
- 

## Education

### Diploma in Refrigeration & Air Conditioning Technology

Government Polytechnic Institute

### Mechanical Engineering Studies

IUBAT — International University of Business Agriculture and Technology

---

## Additional Information

- Open to remote and freelance opportunities
- Interested in SaaS and AI-powered product development
- Strong focus on scalable application architecture and clean UI development
